Proposed Administrative Instruction Regarding Employment of
Consultants and Experts

1. There is attached a redraft of the proposed Administrative Instruction pertaining to the "employment of consultants" which has been prepared by this office to meet certain budgetary and fiscal requirements. It does not appear that the changes suggested will have any material effect from either a security or legal viewpoint.

2. It is desired that the attached schedule which shows information pertaining to the work performed by the consultants and experts be returned to this office at the time the proposed Instruction is issued since we desire to follow through on certain aspects of the problem with the Fiscal Division.

3. Copies of our redraft have been furnished the Security Branch, I&S, and the General Counsel.
